## WELL EQUIPPED FOR FISHING

A strong devotion to fishing is what we do...and it's why we are trusted by tournament champions worldwide. From secure rod holders and storage, wide dive doors and deluxe T-tops to expansive live wells and prep stations, fish boxes, wash-downs, trolling motors, and jack plates the entire Wellcraft line truly takes the art of hardcore fishing seriously.

## CRAFTED FOR COMFORT

Well-appointed amenities are unexpected but welcomed aboard every Wellcraft. Our new models ensure you and your family's boating experience always remains comfortable and convenient. From beautiful flooring options, additional cushions and endless storage to insulated coolers, interior lighting, and onboard restrooms your boating excursions will always feel like vacation. They might forget it's a fishing boat, but you won't.

Efficiency drives versatility. Our multipurpose dive doors make landing fish faster and boarding easier. All aboard!

We keep your sticks clean, safe, and out of the way with tiered gunnel rod storage.

Your convenience is our objective. You'll grab, prep, and hook your attractions with bait stations that keep you right in the action.

A place for everyone. Wellcraft incorporates innovative stern seating that's safe, comfortable and folds out of the way for more cockpit space.

Optional bow seating packages add run-about like seating to your Wellcraft for additional style and luxury.

More space onboard guarantees a better boating experience. Our oversized, forward facing seats add additional seating arrangements without minimizing cockpit usability and maneuverability.
