

210

CCF

In formulating the new 210 CCF, the mission for Wellcraft designers was challenging: create one of the best all-around offshore fishing boats afloat.

They did just that by starting with a rugged Wellcraft hull and filling it chock-full of features for the serious fisherman. The huge, non-skid cockpit has two large, insulated fish boxes which drain overboard. A molded-in locker forward makes anchor handling clean and easy. Storage boxes are even available, and a recirculating baitwell may also be added.

Rod storage in the gunwales is deep enough to keep even your larger reels safely out of the way. The large console has dry storage underneath, plenty of lockable electronics space and full instrumentation by Yamaha®. She comes with either a pedestal seat or optional leaning post seat and is available with either single or twin outboards up to 280 horsepower. And with 100 gallons of fuel, she has the range to take you wherever the fish are.

Own a boat as serious about fishing as you are... the 210 CCF.

SPECIFICATIONS

L.O.A.	21'5"
Beam	3'4"
Dry Weight	2,300 (O/S no engine)
Fuel Capacity	100 gal
Max. Horsepower	280
Deadrise	18 degrees
Draft Up	18"
Down	32"
Bridge Clearance	5'0"
