

# MONACO

The Monaco offers an alluring mixture of styling, performance and luxury, making other cruisers in her class appear ordinary by comparison.

On deck, a stylish, flowing cockpit design includes an aft conversation area, cockpit table and an integrated swim platform which may even be equipped with a shower.

Below, a feeling of spaciousness is enhanced by her innovative, barrier-free design and a smoked, wraparound window which admits generous, yet gentle, light. The subtle palette of natural colors chosen for the upholstery and surfaces is accented by warm teak trim.

The salon area features a large sofa and a convertible dinette double berth. The forward V-berth is quite generous, and the fully-enclosed head features a sink, shower and vanity.

In keeping with her other accommodations, the Monaco has a full galley with sink, stove and plenty of storage; not to mention room for an optional microwave and coffeemaker.

If you're looking for a cruiser that makes all the others look ho-hum, you just found her... the Monaco from Wellcraft.
