Down	36"
Bridge Clearance	5'
Sleeping Capacity	2

NOVA ST

The first ever Wellcraft performance boats were Novas. This year the proud line blasts into the new decade with a bold new leader—the 26 Nova ST. ♦ Twin 454 cubic inch V-8's drive her deep V-hull to blistering levels of performance. And Wellcraft's racing experience ensures that her ride and handling are second to none. ♦ From a custom-swiveling captain's chair you take in full analog performance instrumentation at a glance. Power steering, ignition interrupters, speedometer, tachometers and critical engine gauges are all standard. ♦ A spacious stern seat, sunlounge, optional custom-molded swim platform and plenty of drink holders round-out the cockpit accommodations. Below deck, she has facing settees and a generous V-berth. Your comfort is assured with a galley that includes a sink with a fresh water system.
