

## 253 Eclipse

If you're having a tough time deciding between the performance of a sportboat and the comforts of a cruiser, Wellcraft has the answer.

The 253 Eclipse has engine options up to a 330 horsepower V-8, which makes her exhilarating to drive and perfect for pulling skiers. A double-wide helm seat faces full analog instrumentation, compass, power steering, trim and tilt, a padded sport steering wheel; even optional trim indicators.

The stern bench seat and padded motor box form a comfortable lounging area in the stern. And getting in and out of the water is easy thanks to an integrated swim platform; even available with a shower.

At day's end, you and the family can retire to a very comfortable, cruiser-class cabin. Accommodations in the roomy forward V-berth are complimented by a dinette that converts to a double berth. There's a galley with a sink, stove and ice box; and even a fully-enclosed head.

Now you can have the sportboat you want, and the cruiser your family needs—the 253 Eclipse.
