

23 NOVA XL

The Nova lineage is one of performance and luxury. And this year's 23 Nova XL is certainly no exception. Her low profile deck sweeps back to a sleek radial windshield. At the dash is a performance instrumentation package which includes critical engine gauges, speedometer and a compass. A locking glove box, custom-detailed bucket seats with clean new graphics are standard and an AM/FM cassette stereo with premium, water-resistant speakers is available. ♦ A fully cushioned, sculptured sunpad is standard, as is an integrated swim platform. There's plenty of storage for skis and other gear under the stern seat and in the engine compartment. ♦ Below deck she's cleaner and more luxurious than ever. The roomy V-berth sleeps two and amenities like a sink and even 12-volt cabin lighting are standard. A portable head may be added. The 23 Nova XL is a proven performer, inside and out.
