SCARAB SPORTSTER

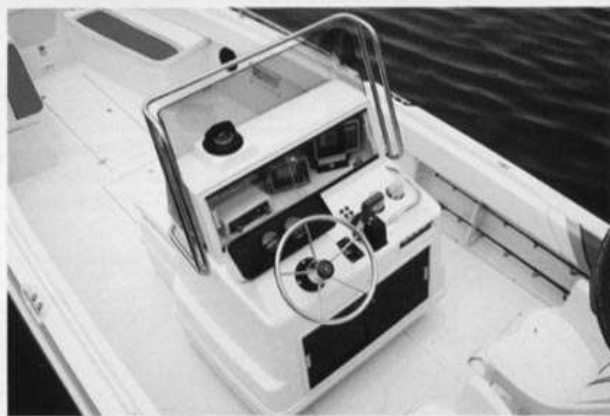

If you're interested in high performance fish boats, the 26 Scarab Sportster is an affordable and exciting place to get into the game.

She has a large console with lockable electronics storage. And the console is mounted off the deck on permanent brackets so cockpit wash down is easier.

An optional leaning post offers vertical rod storage and there is plenty of horizontal storage in gunwale rod racks. The large, insulated fish box is under the floor and there is an insulated cooler under the forward seat. A recirculating baitwell is optional.

The bow compartment features a new enlarged hatch for better access and ventilation. It's the ideal place to lock-up gear when you're not aboard and may even be fitted with a portable head.

If high performance fishing is your game, with maybe a little skiing and diving thrown in for good measure, the 26 Scarab Sportster is great place to start.
