

28 SCARAB XLT

This year, Wellcraft has come out swinging in the highly competitive 28-foot performance class with an incredible new Scarab... the 28 XLT. Twin big-block V-8's and one of the best-handling hulls this side of an offshore racing circuit give her the kick to blow the gelcoat off everything else in the water. ♦ With engine options up to twin 454 Magnums, the 28 Scarab XLT offers performance rarely seen from a boat without numbers on the side. A racing-style, automatic stand-up bolster and "Zero Effort" controls are available to further enhance her likeness to a true racing machine. This high-style speedster also has a playful side, with a stern seat and padded sunlounge— even an optional full fiberglass swim platform, available with a shower. ♦ Below deck, she has twin facing settees, and two can get cozy in the large V-berth forward. To enhance the mood, you can even add an AM/FM cassette stereo with remote. ♦ Grab hold of the new 28 Scarab XLT at your Wellcraft dealer today and leave your cares and worries behind. Way behind.
