SCARAB SPORT

The Scarab Sport is one of those gifted boats that turned out to be good at just about everything. She has the speed to make it to any fishing, diving or skiing location in a hurry, thanks to twin outboard power, up to 500 total horsepower.

The self-bailing walkaround cockpit has a full fiberglass liner for durability and easy wash-down. It's also packed with useful fishing features like an insulated fish box, gunwale rod racks, non-skid sole, rod holders and tackle storage area. There's also extra storage in the console, including room to lock up electronics.

The cuddy cabin has a roomy V-berth, 12-volt lighting and room for an optional head. It's perfect to lock up gear when you're not aboard, or for occasional overnights on this multi-talented performer.
