

31 SCARAB VIPER

For creating a local commotion, there's nothing quite like the all new 31 Scarab Viper. She's an unrepentant muscle boat with up to twin 502 Magnum powerplants and a wind-cheating flush deck secured to the hull with a racing-inspired bolted and fiberglassed joint. ♦ The padded dash features full performance instrumentation including: high speed compass, optional "Zero Effort" controls, flush mounted VDO gauges, engine synchronizer, speedometer and a custom padded steering wheel. There's even an AM/FM cassette with remote control. ♦ A two-position, racing-style bolster seat is standard, as is a stern seat, full padded sunlounge and electric engine hatch. ♦ Below deck she has facing twin cabin sofas, a large forward V-berth, 12-volt cabin lighting, even a portable head. Create a commotion of your own, with the 31 Scarab Viper.
