

34 FITTIPALDI SCARAB

Over the years, Emerson Fittipaldi has dominated every area of motor racing he has attempted. From Formula One to the CART Indy World Championship, Emmo is a man known for class, style... and an indomitable urge to be out in front. What few people know, however, is that Mr. Fittipaldi is an accomplished designer. And to satisfy a growing interest in performance boating, Emerson worked with Welcraft designers to create a very special custom Scarab, styled and equipped to his personal specifications. ♦ Her monochromatic Performance Red or Pearl White color scheme makes an aggressive, yet elegant, statement. Performance is, of course, a priority with Mr. Fittipaldi—she is available with up to twin 502 Magnum powerplants. ♦ As a man who spends most of his time behind the wheel, Emerson also had something to say about cockpit design. Try automatic, stand-up racing bolsters, flush-mounted gauges and optional "Zero Effort" controls. ♦ Below deck, understated elegance is the champion's style. Her dramatic white-on-white color scheme incorporates ultra-soft, opalescent opera vinyl finished with luxurious top stitching. Other luxury accommodations include a roomy V-berth, enclosed head and a galley with a sink and refrigerator. The crowning touch is an engraved owner's plaque. ♦ She's everything a world champion could want, and most importantly ... you can own her.

SPECIFICATIONS
