

## 38 SCARAB EXCEL

When it comes to boat performance and styling, certain individuals require nothing less than the absolute. It was for them that the 38 Scarab Excel was created. ♦ Her bow is turned low to cheat the wind and the flowing lines rush back over perfectly flush, black deck hatches and rise seamlessly to the wraparound windshield. ♦ Twin big block powerplants drive this luxury rocket along at speeds that feel only slightly subsonic. And a fully bonded hull and deck give her the strength and rigidity to put that power to good use. ♦ Pure exhilaration will flow through your body as you stand in the racing bolster and push the optional Zero Effort® controls forward. Also available is a tilt steering wheel, trim indicator, and exhaust silencer systems. ♦ When you're ready for a different kind of excitement, check out the 38's ultra-plush cabin with its buttery soft opera vinyl and white-on-white color scheme. An enclosed head, galley and AM/FM stereo with remote are standard luxuries. Options like air conditioning and a refrigerator complete the package. ♦ If you aspire to the absolute in your performance boat, look to the 38 Scarab Excel. From Walcraft.

### SPECIFICATIONS
