

186 Eclipse & XL

Wellcraft value is obvious at every turn on the 186 Eclipse. Redesigned bow seating has wraparound corners, coolie-can drink holders and optional filler cushions. At the helm you'll find standard power steering and a full complement of independently mounted and recessed instruments.

There is a handy new coaming storage shelf on both sides of the cockpit, also with molded

drink holders. A roomy ski storage locker is built-in under the floor and a removable cooler fits neatly under the portside dash. Fore and aft cockpit seats that recline and fold flat for sun lounging are standard as is an integrated swim platform and ski eye.

A sporty XL version of the 186 is also available with swiveling bucket seats and a full stern sunpad.
