

The 2600 Express is the first 26-foot cruiser to come equipped with a 30-foot cruiser's cabin.

Her classic trunk cabin design; innovative, free-flowing interior layout and large windows combine to create a tremendous feeling of space below deck. And it's put to good use with a convertible dinette double berth, roomy forward V-berth and hanging locker. For entertainment, you can add a television and deluxe stereo system; and the enclosed head features a shower and vanity and sink.

She also sports a teak-trimmed galley with a sink and pressure water. There's even

room for a stove, coffeemaker, microwave and a can opener.

Topside, the cockpit has more space-enhancing innovations typical of Wellcraft. An optional aft seat folds out of the coaming when you need additional seating. There is also a large pedestal helm seat and nearby companion seating. Access to the water is simple and safe thanks to a full fiberglass swim platform and walk-through transom.

Check into the biggest, and best equipped, 26 foot cruiser afloat, the 2600 Express, at your Wellcraft dealer.
