

2800 COASTAL

When experienced fishermen talk about legendary fish boats, the Wellcraft 2800 Coastal invariably comes up. She's designed and rigged for serious action with nearly 10 feet of beam, enormous cockpit and an abundance of features that make her a true battle wagon.

The large transom door is hung on rugged stainless steel hinges, and twin in-floor fish boxes have removable liners for easy wash down. Rod storage is everywhere, with both horizontal and vertical cockpit racks, plus a rod locker in the cabin.

And for all her ruggedness on deck, she is surprisingly accommodating below. A large V-berth forward, handy side bunks, a dinette, full galley and private head with shower, electric toilet, a sink and vanity give

her all the comfort of a cruiser. She'll also run far and fast with power up to twin 350's and 200 gallons of fuel. And you can take confidence in Wellcraft quality features like heavy-duty stainless steel prop shafts and through-bolted hardware. The 2800 Coastal. A hard core fishing machine that has become a legend in her own time.
